KEYLITE ROOF WINDOWS
Derryloran Industrial Est.
Sandholes Road, Cookstown
Co. Tyrone BT80 9LU

hereby declares that the products of type:

Keylite Flat Roof System (FRS)

are in compliance with:

EN 13165:2010 - Thermal insulation products for buildings - Factory made rigid polyurethane foam (PUR) products - Specification

EN 14081-1:2012 - Timber structures - Strength graded structural timber with rectangular cross section - Part 1: General requirements

and satisfy the basic health and safety requirements of:

89/106/EEC & 93/68/EEC

Intended use:

Product features an insulated timber upstand and is designed for a flat or near-flat roof. The product requires a Keylite Centre Pivot window to be integrated to the timber upstand by use of FRS flashings.

Date: 17.05.2013
